

Resident Research Specialty Awards (Geriatric Medicine, General Internal Medicine and Quality Improvement)

Award: \$500.00

Terms of Reference:

1. Any Internal Medicine resident from PGY-1 to PGY-5 is eligible for the awards.
2. The research must be presented at the DOM resident research day
3. The research may be presented as a poster or an oral presentation
4. The research must be conducted with at least one member from the following specialties: General Internal Medicine, Geriatric Medicine or Quality Improvement.
5. Research may be conducted in any area of interest but preference will be given to the respective subspecialties focus (e.g. perioperative medicine, obstetrical medicine), medical education and patient safety.
6. Members of the subspecialty division or QI team not involved in the research project will adjudicate the submissions.
